

1-needle lockstitch machine with integrated, energy-saving AC Servo 220-240 V motor and built-in LED lamp for lighting of working field.

Technical specification:

- for sewing light and medium fabrics
- bottom feed
- voltage 220-240V
- integrated, energy-saving AC Servo 550 W motor
- 70% energy-saving
- quiet work, minimized vibrations
- automatic needle positioning
- energy-saving LED lamp for lighting of working field
- maximum sewing speed 5.000 s.p.m.
- stitch length up to 5 mm
- central lubrication system
- needles system 16x231

PREMIUM EX

2 YEARS WARRANTY

TABLE TOP TSM PREMIUM

The highest quality table top made of moisture resistant birch plywood (30 layer) which perfectly damps vibrations. PREMIUM table top surface is coated with a special laminate resistant to impact, abrasion and splinters. Sides protected by ABS slats.

TEXI VARIO 8

DMTS - tailor's tape measure Hoechstmass standard, length 150cm, width 19 mm (made in Germany).

P723 - foot for equal stitching, with left and right gauges (patchwork and quilting)

SMG - magnetic gauge for sewing with equal distance from the needle

CR10N 1,0MM - compensating narrow foot 1.0 mm, right

RF10 1,0MM - compensation PTFEed foot 1.0 mm, right

T35 - PTFE foot for sewing leather and difficult materials

P25 - hemming foot 1/8"

P36LN - cording foot, left, narrow for sewing in zippers and sewing on the edge

STAND PREMIUM SILVER

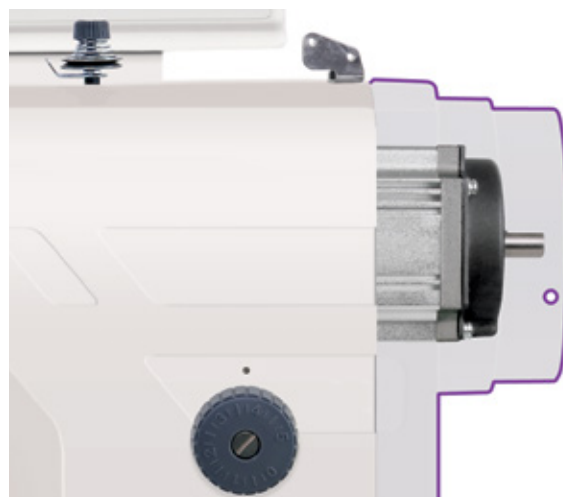

Steel, stable and durable stand with height adjustment (72 – 82 cm).

MORE POWER. LESS COSTS.

Built-in energy-saving AC Servo motor

Energy-saving AC Servo motors work only when the machine is sewing. They maintain full power and save up to 70% energy (compared to electronic and standard clutch motors).
